Do you want to ensure that the curriculum you deliver addresses equality, diversity and inclusion (EDI) and provides inclusive teaching and learning opportunities for all students?

Institute for Educational & Social Equity has developed the Inclusive Curriculum Framework Inventory (ICFI) to evaluate the degree to which inclusivity is embedded in a curriculum.

The ICFI incorporates the core principles of the Inclusive Curriculum Framework (ICF):

- Create an accessible curriculum
- Enable students to see themselves reflected in the curriculum
- Equip students with the skills to positively contribute to and work in a global and diverse environment.
